Have you ever gotten an annoying e-mail that's a forward, a hoax or a warning of some kind? Well the website for this week is the kind of e-mail you want everyone to enjoy. The website of the week is [careerbuilder.com/monk-e-mail](http://careerbuilder.com/monk-e-mail). Monk-e-mail is an interactive site that is a part of [careerbuilder.com](http://careerbuilder.com)

The name says it all, you start by selecting a monkey, then the fun starts. You can choose if they wear a party hat, have a beehive hairstyle or even a Christmas candle on their head.

What about a cool pair of shades or even skiing goggles? Your monk-e-mail can hold a bunch of flowers, a cell phone, a sparkler or a note for mom.

Want your e-mail to talk? Type in what you want it to say and a computerized voice will repeat your message. You can put a smile on anyone's face with a fun monk-e-mail.
